*Your BC Refrigeration Professionals*

## **We are growing and need quality Technicians!**

We are a locally owned, full service Refrigeration and HVAC contractor specializing in Commercial Refrigeration, HVAC, Supermarket Rack Systems, Building Mechanical Maintenance and we are one of the leaders of CO2 Refrigeration Systems in Western Canada. *We design, supply, install and maintain.*

We are currently looking for (3) experienced Techs to join our **Service Team**.

**Journeyman Refrigeration Technician**

**Journeyman HVAC Technician**

**2<sup>nd</sup>- 4<sup>th</sup> Year Apprentice**

Perks:

- **Flex days.** You need to start late or leave early on certain days to take care of a personal issue? We will work with you. We all have families and respect the work & personal life balance that is needed as a Technician.
- **Lots of work.** We are very well established with +400 long-term maintenance contracts and we are growing every year by signing good quality diversified clients. No slow down in sight.
- **Stability & Future.** With CT you get a stable and secure job with an *established* company (since 1983), diverse work, specialized training, positive coworkers and a good working environment. We only hire quality Technicians that have respect for their trade, our clients and our industry. This is evident as we have little to no turnover with Technicians, office staff or clients.
- **Tool Credit.** After completing probation, we will provide **\$1000 tool credit** to Journeyman along with our standard \$100/month tool allowance. We will also supply all major tools.
- **No Red Tape or Bureaucracy.** We are locally owned and managed and don't have Accountants or out of province Managers telling us how to run our business. Everything runs smooth.

Please email resumes to da@ctcontroltemp.com, call 604-298-2000 or fax 604-421-5858. All applications and correspondence will be confidential.
