

Join a Legacy of Excellence: VRF Service Technician

Broadway Refrigeration & Air Conditioning has been a cornerstone of the BC mechanical industry since **1957**. We aren't just looking for another employee; we are looking for a specialist to join a stable, local team that values technical expertise and long-term career growth.

If you are a Red Seal Refrigeration Journeyman with a passion for complex diagnostics and the latest in **Variable Refrigerant Flow (VRF/VRV)** technology, we want to talk to you.

Why Broadway?

- **Unmatched Stability:** We've been operating continuously for nearly 70 years. We offer year-round, consistent work without the seasonal "feast or famine."
- **Local Roots:** We are deeply embedded in the community. You'll be working on high-profile commercial and institutional sites across the Lower Mainland.
- **Cutting-Edge Focus:** We invest in the tools and training necessary to lead the market in VRF service and maintenance.

The Role

As our VRF Service Technician, you will be the go-to expert for:

- **Advanced Diagnostics:** Troubleshooting and repairing multi-zone VRF systems (Daikin, Mitsubishi, LG, etc.).
- **Commissioning Support:** Ensuring new installs are optimized for peak performance and longevity.
- **Preventative Maintenance:** Managing high-value service contracts for our long-term commercial clients.
- **Mentorship:** Sharing your specialized knowledge with our apprentices and junior techs.

What You Bring

- **Certification:** Red Seal Refrigeration Mechanic (BC Licensed).
- **Specialization:** Proven experience with VRF/VRV systems, including laptop-based diagnostics and manufacturer-specific software.
- **Professionalism:** A clean driving record and a commitment to high-quality workmanship that respects our 1957 founding principles.
- **Mindset:** A "safety-first" attitude and the ability to work independently on complex sites.

Compensation & Benefits

- **Top-Tier Hourly Rates:** Competitive with the best in the industry.
- **Comprehensive Package:** Extended health, dental, and a robust pension plan.
- **The Gear:** Late-model service vehicle, specialized tools, and a company-provided iPad/phone.
- **Training:** Ongoing factory-authorized training to keep your skills at the forefront of the industry.

Ready to Elevate Your Career?

Don't settle for "just another job." Join a company that has stood the test of time.
